The Best in Modern Dahlias

Pennypack

Stanley Johnson

CHELTENHAM, PA.

Foreword

QUALITY:—It is the aim of Pennypack to introduce dahlias that will grow for you so as to brighten your garden or produce show winners. While much emphasis is placed on creative work of developing superior strains of new dahlias, most responsibility is given to the maintaining of reasonably disease free foundation stock. Field planting at farm—Dresher, Pa. This land once produced the famous Pennsylvania white potato.

SEASON 1959—A very hot Summer with record set for the number of 90° days. Almost every week a violent thunderstorm with rainfall of several inches within an hour or so plus very strong winds. This erratic weather curtailed the number of show blooms but good growing weather during the later part of September and all of October gave me a large crop of vigorous root stock.

SHOW RECORD—Pennypack new dahlias were big winners in 1959. American Home Achievement medals, American Dahlia Society Gold Medal Seeding Sweep-stake Awards were some of the major prizes won by Pennypack quality. Yes, winning at shows is a habit of Pennypack dahlias.

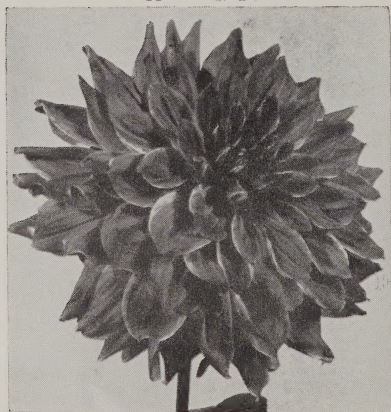

PRICE:—All Pennypack dahlias are priced right. Comparison shows my prices most reasonable. Policy—high quality, low price.

RESULTS:—You can expect. Winnings for 1959 are surely impressive, but the final success is your satisfaction. A program involving testing both in the field and exhibition gardens has been carefully conducted. Any dahlia failing to grow properly under ordinary field conditions, does not bear the Pennypack label. Your Friendship is worth a Pile-O-Gold to Pennypack.
